PRESS RELEASE

GOVERNMENT BONDS: CHANGES TO DECEMBER 2020 AUCTION CALENDAR

The Ministry of Economy and Finance announces that, taking into account the amount of cash availability and the low funding needs, the 10th of December only the auctions of 3 and 7 years maturity government bonds will take place while the auctions of bonds with maturity greater than 10 years, originally scheduled for the same day, will not take place.

In line with the aforementioned considerations, also the CTZ auction, originally scheduled for Tuesday 29th of December and the medium-long term government bonds auctions, originally scheduled for Wednesday 30th of December, will not take place. Please also note that the BOT auctions, scheduled for the 29th of December, will take place regularly.
